## АЛЕКСАНДР МАТАНОВИЧ

Персона Дня - 23.05.2015

Александр Матанович научился играть в шахматы во время Второй мировой войны. Первые ходы ему, маленькому мальчику показал один из югославских партизан. Вскоре после окончания боевых действий Александр проявил себя в сильных соревнованиях и добился больших успехов: выиграл чемпионат Югославии среди юношей, первенство Белграда, победил в чемпионате союзной республики Сербии и затем, в 1949-м, разделил четвертое место в мужском чемпионате Югославии. По настоянию Глигорича новичка включают в состав сборной страны на радио-матч с США, и Матанович дважды не выпускает из дебюта Альберта Пинкуса.

В 1951 году Александр - уже второй в мужском чемпионате страны, на пол-очка отстав от Глигорича. Год спустя один из лучших шахматистов Белграда выходит в межзональный турнир, где оказывается в середине таблицы. Перед Олимпиадой-1954 шахматная федерация Югославии постановила, что Матанович должен сыграть матч за место в составе с Миличем, и Александр выиграл всухую! На Олимпиаде в Амстердаме запасной Матанович проявил себя блестяще - выиграл важные партии в поединках с Голландией и Англией, спас матч с Болгарией и на финише выиграл решающую партию в битве с Аргентиной, что позволило югославам завоевать «бронзу». Год спустя после триумфа в Загребе Александр стал гроссмейстером - впереди оказался лишь Смыслов, а отстали Ивков, Глигорич, Геллер, Филип, Барца и десяток других сильных шахматистов.

На Олимпиаде-1956 в Москве Матанович выступал уже на второй доске и сыграл без поражений, набрав 11,5 из 16 и завоевав две серебряные медали - командную и личную. Он вновь выиграл целый ряд ключевых партий, в частности, против Венгрии в поединке последнего тура, и толпа болельщиков встречала в Белграде его, Глигорича и Ивкова как

национальных героев. В матч-турнире 1957 года против сборной СССР Матанович был единственным игроком югославы, не считая Глигорича, кто оказался в плюсе против звездного советского состава. На межзональном-1958 Александр шел в группе лидеров и стал единственным, кто смог обыграть неукротимого Таля.

После матча Таль - Ботвинник 1960 года Матановича долгое время называли «человек, который сумел победить Таля». Матанович - призер девяти Турниров Нации в составе сборной Югославии, причем более чем в половине этих турниров он отличался на своей доске. Пять раз завоевывал медали европейских первенств в составе югославской команды. Победитель турниров: Опатия 1953, Гамбург 1955, Буэнос-Айрес, Завенаар 1961. Чемпион Югославии 1962, 1969 и 1978 годов.

В 60-е годы в Югославии начал свою работу легендарный «Шахматный Информатор», ставший необходимым атрибутом профессионального шахматиста вплоть до компьютерной эпохи. С 1966 года Матанович стал его бессменным главным редактором, за что получил новое прозвище «отец Информатора». Через некоторое время практически отошел от выступлений из-за работы над любимым детищем.

Автор книг: «СССР - сборная мира 1970» (под редакцией Матановича и Петросяна), «Энциклопедия шахматных окончаний» (в пяти частях). В ветеранском возрасте принимал участие в Мемориале Ботвинника 2002 и матче ветеранов СССР - Югославия 2007, где дважды сыграл вничью с Таймановым.

Несмотря на почтенный возраст, Александр Матанович продолжает работу над «Шахматным Информатором». Соотечественники называют дом Матановича «памятником великой шахматной Югославии».
